

SWOOP 2010

Land Information Ontario

Land Information Ontario and the Steering Committee for the South Western Ontario Orthophotography Project - 2010 (SWOOP2010) would like to invite all potential stakeholders to a **general partnership meeting on June 18th, 2009 from 10:00 am until 2:30 pm at Fanshawe College in London, Ontario.**

The intent of the meeting will be to:

1. Inform stakeholders of the progress that has been made by the Steering Committee to establish the products being considered (Ortho imagery and Digital Elevation Models).
2. Introduce timelines that stakeholders need to be aware of in order to participate in the project.
3. Encourage and expand the partnership as broad as possible.

Presentations on the use of imagery and digital elevation applications from across all sectors will be given. The presentations will include examples and demonstrations by provincial, municipal, and federal government, Conservation Authorities, and private sector organizations. More information and a formal agenda will be available shortly.

The SWOOP2010 Steering Committee would also like to announce the launch of the project web site (www.swoop2010.ca) that will be updated as the project moves forward. Information will be posted on the site to the general public and secure links will be provided to registered stakeholders for more details. Feel free to visit the site for more information as it becomes available.

Anyone interested in attending the SWOOP2010 Information Session should **register with Mike Robertson at mike.robertson@ontario.ca before June 15th.** If you have any questions please contact Mike by e-mail or by phone at (705) 755-1280.

Thank You.
